DETAILED ACTION

Status of Claims

1. Claims 1-7 are pending.

Claims 1-7 are rejected.

Priority

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

- 3. The examiner has considered the information disclosure statements submitted on September 20, 2005; October 31, 2005; and September 27, 2006, except for the reference by Hellmut Bredereck et al. (see IDS, submitted on September 27, 2006).
- The Hellmut Bredereck et al. reference fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of this reference, which is not in the English language.

Claim Rejections - 35 USC § 112

- The following is a quotation of the second paragraph of 35 U.S.C. 112:
 The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 6. Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 1621

The formula (I) compound in claim 1 and the formula (IV) compound in claim 3 contain bonds which do not correspond to the compound name. Thus, these claims are indefinite.

Claims 2 and 4-7 are indefinite because they depend from an indefinite claim. Ex parte Cordova, 10 U.S.P.Q.2d 1949, 1952 (P.T.O. Bd. App. 1989).

Claim Rejections - 35 USC § 102

7. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 8. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Mangold et al. (US 4,410,733).

Mangold et al. teach preparing an acetal of malonaldehyde, such as tetraethoxypropane comprising reacting an orthoester, such as trimethyl, trimethyl or tripropyl orthoformate with a vinyl ether, such as methyl, ethyl or propyl vinyl ether (see entire disclosure, in particular column 1, line 49 to column 2, line 9; column 2, line 55 to column 3, line 14 and claim 3).

9. Claims 3-5 and 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Karadavidoff et al. (UA 3,833,605).

Karadavidoff et al. teach preparing a substituted 1-carboxaminidine-pyrazole by condensing a salt of amino-guanidine with 1,1,3,3-tetraethoxy propane (see entire disclosure, in particular column 1, lines 45-49 and the examples).

Claims 3-6 are rejected under 35 U.S.C. 102(b) as anticipated by Hultquist (US 2,459,076).
 Hultquist teaches preparing 2-aminopyrimidine by reaction of a tetraalkoypropane with

Art Unit: 1621

guanidine or its salts (see entire disclosure, in particular column 1, lines 1-15 and column 1, lines 47-52).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rosalynd Keys whose telephone number is 571-272-0639. The examiner can normally be reached on M, R & F 5:30-7:30 am & 1-5 pm; T & W 5:30 am-4 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Yvonne Eyler can be reached on 571-272-0871. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
